

Deutsche Bank Internship (f/m/x)

in Risk

**Locations:**

Berlin, Bonn, Düsseldorf, Essen,
Frankfurt/Main, Hamburg, Stuttgart

**Period to be agreed
individually**

**Duration:
3–6 months**

What awaits you:

Our interns are given the opportunity to learn about our business from different viewpoints. Working on our day-to-day business as well as on special projects you will gain a broad insight into the Risk function. In doing so, you will support the innovative realignment of this dynamic and sensitive area with your ideas. Depending on the field of activity, you will be able to contribute your analytical skills. You will observe market developments, identify risks and their driving forces, calculate potential risk exposure and set risk appetites, develop mathematical models and formulate solutions to mitigate the financial and non-financial risks the bank faces. The specific tasks you will be dealing with depend on the risk area, your role within the team and the duration of your internship. You will be supported in a variety of ways and benefit from the expertise of experienced team members.

Your qualifications:

- Are you at least in your third semester?
- Are you studying*
 - either business administration, finance, economics, law or business law (or a related study focus), your expertise best matches the areas of:
 - Market Risk Management
 - Enterprise Risk Management
 - Non-Financial Risk Management
 - BHW Risk
 - a STEM subject, particularly mathematics, computer science, natural sciences or technology, your expertise is likely best placed within the quant area of Risk:
 - Model Risk Management (model validation)
 - Market Risk Management
 - Enterprise Risk Management
- Are you passionate about finance and banking?
- Are you proficient in MS Office and other common applications?
- Do you have strong communication skills, are you fluent in English?
- Can you work well in a team and inspire others with your ideas?
- Would you describe yourself as a conscientious, dedicated individual with excellent analytical skills?

Then we look forward to meeting you.

Our benefits:

- Competitive salary
- Flexible working conditions e.g. remote working (depending on role)
- Professional skill training, learning portal
- Regular offers as part of our retention programme for interns (dbSteps Community, networking events)
- Experienced mentor and graduate buddy from day one
- Fast-track in recruiting for the Risk Graduate Programme given your outstanding performance during the internship

* Please note:

The above split is not strict and aims to provide you with guidance for your application. The locations Düsseldorf, Essen, Hamburg, Hameln und Stuttgart focus on applications with a background in business administration, finance, economics, law or business law.
